

# Standing Strong, Together

OUR COMMUNITY OF HEROES

Face Shield

2020 ANNUAL REPORT

SABAN  
COMMUNITY  
CLINIC

### OUR MISSION

To serve as a medical home to the most vulnerable members of our community by providing affordable quality health care in a caring environment.

### OUR VISION

To be a recognized leader in improving the health and wellbeing of Los Angeles' underserved communities by delivering quality medical and social services through innovation, creativity, partnerships, and public policy advocacy.

Dear Friends, Colleagues and Partners,  
What a demanding year it's been for all of us! Here at Saban Community Clinic, our supporters and colleagues met the challenges head-on with a dedication that was nothing short of heroic. And I want to express my deepest appreciation to all of you.

Heroes save lives. When the pandemic threatened our ability to continue providing lifesaving health services, our entire community stepped up to make sure no patient lost care. We are proud to say that we did not shut down for even one day.

However, our entire operations needed to adjust, which required tireless teamwork from our donors, clinicians, and staff. Tasks that seemed impossible were accomplished in record time. Our 2020 Annual Report is a tribute to the work of our very own community of heroes who touched, changed and saved people's lives under incredibly difficult circumstances.

- *Co-payments waived – Many patients lost jobs, so benefactors covered all co-payments.*
- *Covid-19 field-testing – Clinicians in PPE went to the streets to help unhoused residents.*
- *Virtual visits mandated – IT made our fledgling tele-health practice fully operational.*
- *Dental staff retained – Donors helped to cover salaries when visits were suspended.*
- *Lives paused – Clinicians sacrificed their personal lives to serve our community.*
- *Virgil Family Health Center – Staff overcame every hurdle to open our newest location.*
- *Extraordinary generosity – Gifts of cash, goods, services and talent poured in all year.*

Heroic achievements happened in 2020 because of you – our committed donors, dedicated colleagues, board members, and community partners. Each of you is essential to the Clinic's mission, and never more so than during this intense and difficult time.

Thank you for your inspiring care and commitment,

Muriel Nouwezem  
Chief Executive Officer

# In 2020, Everyone Came Together

**“Our pediatric team has bravely remained in the clinic to work with children who still need vital health care services. Not for one day did we close our doors.”**

**Yanina, Associate Medical Director Pediatrics**

“This year more than ever, we realize how fortunate we are that our daughter has the best possible healthcare. When we came to the clinic this fall, a sense of normalcy quickly replaced our heightened fear due to COVID-19. As always, we were with the doctor in minutes. Piper is on the spectrum, so having a consistent and considerate doctor keeps her feeling safe and healthy. This pandemic has proven that we can always rely on Saban.”

**Allyson, Mother of Piper, Pediatrics Patient**

“My father taught me to work hard and never give up. His strength and determination have always inspired my entire family. So when he got COVID, we all expected him to beat it. But he didn’t. And that loss will never heal. But my dad lives on in our hearts and in our actions. Two of my sisters and I have the privilege of taking care of COVID patients. We weren’t allowed to be in the hospital with our dad, but we treat our patients like family because that’s what he would expect of us.”

**Malena, Evening Medical Lead Assistant**

“Because of COVID, so many Angelenos are hanging on by a thread. At a time of such great suffering, I find comfort in knowing that the Clinic is always there, taking care of our community. The Clinic is needed now more than ever – and seeing that need inspires me to do all that I can to help.”

**Katie, Donor and Member of Young Professionals Committee**

“It was honestly a little scary to continue doing street outreach with our partner organizations at the very beginning of COVID, when there were so many unknowns. But all of us knew that no matter what, we would stand strong and continue our mission to help the most vulnerable people in our community.”

**Negeen, Physician Assistant**

**“Our healthcare workers are the real heroes in this COVID pandemic. They are on the front lines every day, risking their lives to keep us safe.”**

**Ellen, Donor and Friends Board Member**

**“My son has asthma. When COVID hit, I sent him to stay with family. I see patients all day and didn’t want to take any chances of exposing my son to the virus when we knew so little about how to protect each other. I missed him terribly but I knew I had to care for my patients. They needed me more than ever. My son is back home, but everything has been difficult. My son and my patients are what keep me going.”**

**LaKeisha, Licensed Vocational Nurse**

*“I expected the showers to go away like so many other programs did when the virus hit. But Saban never missed a day. They still had all their services on the street for us. People don’t realize what that help means. It can be life or death out here.”*

**John, Unhoused Patient**

*“As a single mom and an essential worker it’s hard to take time off to come to the clinic – and now there’s the added fear of COVID. I met with my nurse practitioner over tele-health and he answered my questions and filled a prescription. Saban made it so easy and convenient.”*

**Sarah, Patient**

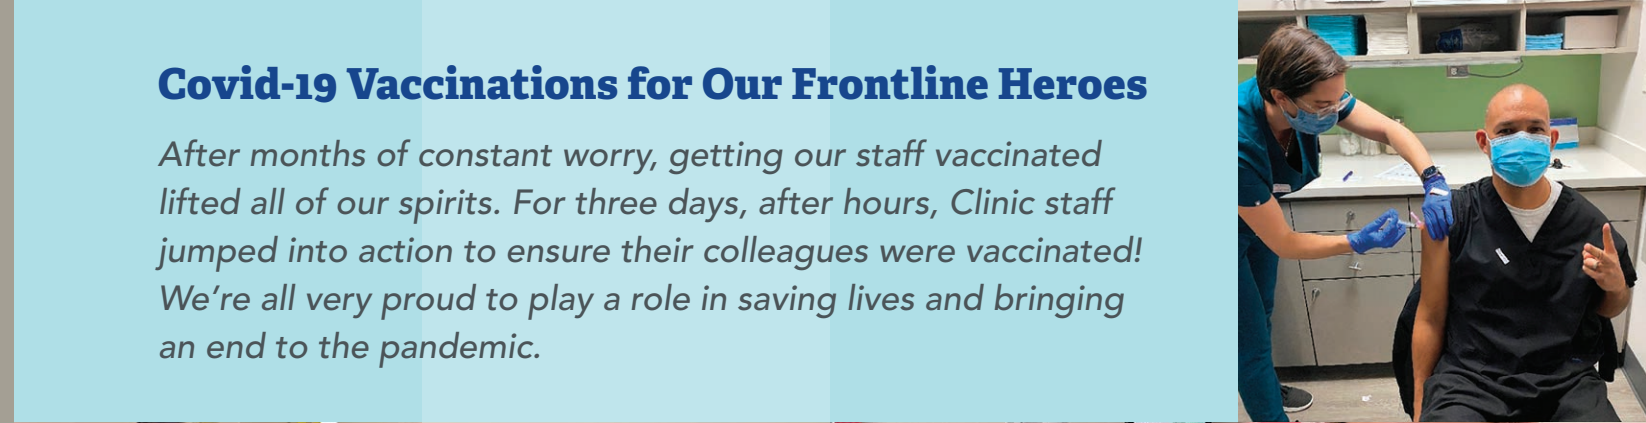

*“My husband Robert and I share a passion for the importance of all life on earth – and so does Saban Community Clinic! When we toured the new Virgil facility, we felt inspired and chose to sponsor an exam room through our Fur, Feather, Fin Foundation. We were also thrilled to donate an elephant photo taken on safari in Botswana for use as a mural in the room. Robert and I love supporting Saban because their work is local and SO important. And of course, by the time the clinic was getting ready to open, COVID hit. We both feel it’s an even greater honor to be able to help in a time of such great need.”*

**Diane, Author, Naturalist and Philanthropist**

### **Covid-19 Vaccinations for Our Frontline Heroes**

*After months of constant worry, getting our staff vaccinated lifted all of our spirits. For three days, after hours, Clinic staff jumped into action to ensure their colleagues were vaccinated! We’re all very proud to play a role in saving lives and bringing an end to the pandemic.*

# Our Proudest 2020 Accomplishments

## Going Wherever We Are Needed

We worked in close partnership with other organizations and government agencies to ensure that the unhoused community continued to receive medical care. Because of the vulnerability and high mortality rate of this population, we launched several new initiatives to meet their needs.

### ROVING MEDICAL TEAM

In August, we launched our newest initiative to provide basic primary care, testing, and vaccinations for people in temporary housing shelters. We have formed partnerships with five different homeless service agencies and provide services right on site where individuals feel safe and comfortable.

### SATELLITE CLINIC

In partnership with The Center at Blessed Sacrament (a drop-in center serving individuals experiencing homelessness), we opened a clinic in Hollywood, bringing much needed care where its needed most.

### E6 STREET OUTREACH

Our clinicians, alongside our partners from The People Concern and The Center, bravely continued providing care to those living on the streets. The teams provided street medicine, conducted COVID testing and navigated those who tested positive into emergency shelters.

A VERY SPECIAL THANK YOU TO THE S. MARK TAPER FOUNDATION FOR THE CHINESE PANDA EXAM ROOM

## Opening A New Location During Covid-19

Construction for the Virgil Family Health Center began in August of 2019 with a joyous grand opening planned for April of 2020. The pandemic meant we had to adjust in many ways.

In spite of all the challenges and increased costs of COVID-19, the Saban team worked around every obstacle to open the new Virgil Family Health Center on time. "We became more flexible than we ever knew we could be," said Chief Marketing and Advancement Officer Adam Friedman. "We're proud to provide another access point during this challenging time."

The Staff Courtyard was the last space to be finished. Its generous donor, Barbara Marshall, is a longtime Saban benefactor who was a nurse in our High Risk Youth Program in the 1980s. She recalls the Clinic being more like an office building than a medical facility where metal desks were turned into dining tables. She was immediately drawn to the space.

The courtyard far exceeded everyone's expectations. On the day of Barbara's visit, staff member Kely told her, "Being in here really touches my heart! It takes me back to the forests of my childhood." Barbara's reaction was just as deeply felt. "I made this gift to honor my husband, the late film director Garry Marshall," she said. "The hard-working staff at the Clinic deserve to have a peaceful space to rest and catch their breath. I think Garry would be very pleased to know that I've donated an entire courtyard as a tribute to people with so much passion and purpose. I hope it will provide an oasis in their busy day."

The Barbara and Garry Marshall Courtyard

## OUR PROUDEST 2020 ACCOMPLISHMENTS

### Adjusting All of Our Operations

When the pandemic hit, we had to instantly plan for continuity of patient care. To conform to CDC guidelines, our dedicated COVID task force made rapid adjustments.

#### TELE-HEALTH

Minimizing on-site visits was priority one. We quickly expanded our telephone services and set up video visits. Many patients prefer using phones or lack internet access, so having both options was necessary.

#### DRIVE-THROUGH VACCINATIONS

One joyful adaptation was our drive-through pediatric vaccine clinic. Stilt-walkers and a DJ turned a socially distanced event into a real party! We followed up with drive-through flu vaccines at all locations.

#### TELE-DENTISTRY

Time in-clinic for dental work was greatly reduced with online pre-visit screenings. Our patients download forms, upload pictures, and speak with staff before ever setting foot in the clinic.

Pediatric patients and staff at the drive-through vaccine clinic.

### Fundraising That Inspired Us All Year

COVID-19 increased operating costs significantly. Our development team had to get very creative after all of our events were canceled.

#### EMERGENCY FUND | COVID-19

As soon as we realized the magnitude of the shift we needed to make, we launched an emergency relief fund. Our community of supporters jumped in immediately and ensured that our doors stayed open.

#### VIRTUAL DINNER GALA

For the first time in 44 years, we were forced to cancel our Annual Gala. Our Friends Board, with the help of Richard and Demi Weitz' *Quarantunes*, hosted an online show honoring our healthcare heroes and raised more than \$1.5 million virtually!

Highlights from our Virtual Gala fundraiser (clockwise from top left): Demi and Richard Weitz, Sam Harris, Christopher Jackson, Cheryl and Haim Saban, Teddy Swims, and Barry Manilow.

**MORE FUNDRAISING THAT INSPIRED**

**DONATIONS PROVIDING FOOD & COMFORT**

Our amazing community of supporters provided thousands of blankets, masks, sanitizer, toiletries and other essentials for our unhoused patients. Meals for both Saban staff and patients were also received with great appreciation.

The Weinstein family makes and delivers meals to our unhoused patients.

**25th ANNUAL GOLF CLASSIC**

Enthusiastic golfers enjoyed an exhilarating day at the beautiful Lakeside Golf Club. Held in honor of Jeffrey Azoff of Full Stop Management, the gathering was our last live event before COVID hit!

Honoree Jeffrey Azoff with Tournament Chair Mitch Rose

**QUIZ FOR A CAUSE**

Our Quarantine Quiz Night was a virtual hit held by the Young Professionals Committee and hosted by Wes Kauble. The light-hearted evening of laughs and brain teasers funded homeless services including meals, showers and kits filled with essential items.
